Going over requirements

FUNCTIONAL REQUIREMENTS
- News (Nice to have)
    - Dynamic page
    - Also goes along w/ Events

NON FUNCTIONAL REQUIREMENTS
- Accessibility - goes along w/ scalability
    - Nice to have
    - Would hopefully just come
    - Keep in the back of your head
    - Don't really think of as an issue
- Maintainability - how they eventually have it set up on their end
- Security - more on their end, don't worry about this

What we have seems fine

SPECIFIC USE CASES?
- Check news, events
- Look for classes?
- Contact faculty?
- Will think about it

COLORS / THEME?
- Stick to UCI branding guidelines
    - Will email us

- Wordpress sandbox to experiment
